Dear Steve Sterling:

**Decision: Request to Cut and Cap under
Term 5 of ACW-2019-007-OBS-K-32-WID1860 Variation #2**

On February 11, 2022, the Office of the Regulator of Oil and Gas Operations (OROGO) received a request from Obsidian Energy Ltd. (Obsidian) for approval to excavate, cut and cap the Fort Liard K-32 (WID1860) wellbore, as required under term 5 of ACW-2019-007-OBS-K-32-WID1860 variation #2 (Well Approval).

I have reviewed Obsidian's request and information submitted as required under the Well Approval. I find the information complies with the requirements of term 5 of the Well Approval.

Therefore, I approve Obsidian's request to excavate, cut and cap the Fort Liard K-32 (WID1860) wellbore.

Sincerely,

Pauline de Jong
