Dear Pauline de Jong:

RE: Notice: Operations Deferral Request –Fort Liard Area (OA-2021-001-PPR)
300/L-68-6020-12345/1

Prairie Provident Resources (PPR) requests a deferral to complete the abandonment of the 300/L-68-6020-12345/1 well to October 31, 2023:

The reasons for the deferral request are as follows

1. OA and ACW due dates (November 1, 2023, and November 30, 2024, respectively).
2. Limited local resources available for the 2023 winter season.
3. Limited service rigs available for the winter 2023 season.
4. Summer operations are preferred for the abandonment to provide safer operations, benefits to the local communities, and increased access to technical service providers as required.
5. PPR is working with other industry partners in planning the summer 2023 abandonment campaign and supports their applications for extensions so we may realize operational synergies.

If you have any questions, please contact the undersigned

Sincerely

Angie Stastook
