CALGARY AB T2P 3H7

September 3, 2021

Dear Ken Nikiforuk:

Decision:

Abandonment of the Cameron N-28 Well (ACW-2021-SOG-N-28-WID1753)

On July 6, 2021, the Office of the Regulator of Oil and Gas Operations (OROGO) received a complete application from Strategic Oil and Gas Ltd. (Strategic) for the abandonment of the Cameron N-28 (WID1753) well.

Strategic also filed additional information with OROGO in response to Information Request No. 1, received on August 5, 2021, and Information Request No. 2, received on August 30, 2021.

The Regulator designated under section 121 of the *Oil and Gas Operations Act* (OGOA) may issue a Well Approval under section 10(4) of that act. On August 2, 2020, the Commissioner in Executive Council designated me as the Regulator under section 121 of OGOA.

I have reviewed Strategic's description of its proposed activity and find that the application demonstrates that this activity will be conducted safely, without waste and without pollution, in compliance with the *Oil and Gas Drilling and Production Regulations*. Therefore, Strategic's application is approved, subject to the terms contained in the attached Well Approval.

Strategic must post a copy of the attached Well Approval in a clearly visible location at the work site.

Sincerely,

Pauline de Jong
Regulator

Encl. ACW-2021-SOG-N-28-WID1753

c. Duncan MacRae, Director, Alvarez & Marsal Canada ULC

South Slave	

This approval is granted under Operations Authorization OA-2018-003-SOG and expires November 1, 2023.

Dated at Yellowknife, Northwest Territories on September 3, 2021.

Name of Regulator / Delegate	Signature of Regulator / Delegate
Ms. Pauline de Jong	
Title	
Regulator	

ADDITIONAL TERMS

1. Strategic Oil and Gas Ltd. shall cause the approved work and activities to be conducted in accordance with the requirements of the *Oil and Gas Operations Act* and the *Oil and Gas Drilling and Production Regulations*, as well as any other acts or legislation as may apply.
2. Strategic Oil and Gas Ltd. shall cause the approved work and activities to be conducted in accordance with any guidelines and/or interpretation notes issued by the Regulator under section 18 of the *Oil and Gas Operations Act*.
3. Strategic Oil and Gas Ltd. shall cause the approved work and activities to be conducted in accordance with the specifications, standards and other information referred to in its application received July 6, 2021.
4. Strategic Oil and Gas Ltd. shall request approval from the Regulator prior to undertaking any change to or deviation from the authorized work or activities, including but not limited to key personnel, the safety plan, the environmental protection plan and contingency plans.
5. Strategic Oil and Gas Ltd. shall provide all staff and contractors for this program with its Emergency Response Plan and the OROGO 24-hour Incident Reporting phone number (867-445-8551) prior to commencing any work or activity.
6. Strategic Oil and Gas Ltd. shall notify OROGO at least 10 days prior to the start of well abandonment operations.
7. Strategic Oil and Gas Ltd. shall submit to OROGO certificates and inspection documents for any service rig, well control and associated equipment (including boilers) at least 10 days prior to the rig commencing work.
8. Strategic Oil and Gas Ltd. shall submit to OROGO an updated operator contact list for this program prior to any work or activity.
9. Strategic Oil and Gas Ltd. shall submit to OROGO a completed Change of Well Status form 30 days after the service rig release date or when the operation has been successfully completed.
10. Pursuant to section 67 of the *Oil and Gas Drilling and Production Regulations*, Strategic Oil and Gas Ltd. is approved to conduct controlled venting and/or flaring of gas as part of well kill operations at a maximum daily flow rate of 5.1×10^3 m³/day for a maximum daily duration of 4.0 hours per day. Strategic Oil and Gas Ltd. shall include the volume, flow rate and composition of any amount of vented gas in its daily report to OROGO. Flaring and/or venting of any volume, daily flow rate and/or duration greater than the approved maximum daily flow shall be reported to OROGO as an incident under section 75 of the *Oil and Gas Drilling and Production Regulations*.

11. Strategic Oil and Gas Ltd. shall notify OROGO of and demonstrate, to the satisfaction of the Regulator, the location of the cement top prior to commencing remedial cementing, as outlined in Steps 77 through 92 of the Wellbore Abandonment Program. Notification must include the results and interpretation of the completed radial cement bond log as outlined in Step 75 of the Wellbore Abandonment Program.
12. Strategic Oil and Gas Ltd. is required to update its entire Well Abandonment Program with the information submitted throughout the Information Request process into one consolidated document and submit it to OROGO no later than September 30, 2021.
