Director Asset Management  
Paramount Resources Ltd.  
Suite 2800, 421 – 7<sup>TH</sup> AVE SW  
CALGARY AB T2P 4K9

June 3, 2022

Dear John Hawkins:

**Information Request No. 2: Paramount Resources Ltd. Application to Abandon the Arrowhead River B-41 Well (ACW-2022-PAR-B-41-WID1733)**

On April 29, 2022, the Office of the Regulator of Oil and Gas Operations (OROGO) received a complete application to Alter the Condition of a Well (ACW) from Paramount Resources Ltd. (Paramount) for the abandonment of the Arrowhead River B-41 well (WID1733) in the Fort Liard area of the Northwest Territories.

OROGO has reviewed the information provided by Paramount, including the response to Information Request No. 1, and requires additional information to complete its review of Paramount's ACW application, as set out in the attached Information Request No. 2.

Please send your written responses and any associated correspondence to OROGO at [oro.go@gov.nt.ca](mailto:oro.go@gov.nt.ca) or through OROGO's secure file transfer site, on or before 4:00 pm on June 22, 2022. If you are unable to respond within this timeframe or have any questions, please contact OROGO at (867) 767-9097 or by email at [oro.go@gov.nt.ca](mailto:oro.go@gov.nt.ca).

Sincerely,

Pauline de Jong  
Regulator

Encl. Information Request No. 2

**Information Request No. 2**  
**Arrowhead River B-41 Well Abandonment**  
**ACW-2022-PAR-B-41-WID1733**

**2.1 Remedial Cementing Contingency Steps**

**Preamble:**

The Well Abandonment Program submitted in response to Information Request No. 1 on May 27, 2022, does not include contingency process steps for remedial cementing if required following step 18 of the program.

Including contingency process steps for remedial cementing in the Well Abandonment Program allows this activity to proceed based on a notification to OROGO that the contingency steps are being used. If these steps are not included in the approved program, any change to the program would require the Regulator's approval and may delay operations.

**Request:**

Please submit an updated Well Abandonment Program that includes contingency steps for remedial cementing if required.
