Dear John Hawkins:

**Decision: Variation to ACW-2022-PAR-F-25A-WID1621**

On July 28, 2023, the Office of the Regulator of Oil and Gas Operations (OROGO) received an application from Paramount Resources Ltd. (Paramount) to vary ACW-2022-PAR-F-25A-WID1621 for the abandonment of the Liard F-25A well (WID1621). Paramount is requesting a change to the well abandonment program.

The Regulator, designated under section 121 of the *Oil and Gas Operations Act* (OGOA), may issue an Operations Authorization under section 10(1) of that act, subject to any Well Approvals that the Regulator may require under section 10(4) of OGOA. The Regulator may vary the terms of an Operations Authorization under section 10(6) of OGOA, including the terms of a Well Approval. On August 2, 2020, the Commissioner in Executive Council designated me as the Regulator under section 121 of OGOA.

I have reviewed Paramount's description of its proposed activity and find that the application demonstrates that this activity will be conducted safely, without waste and without pollution, in compliance with the *Oil and Gas Drilling and Production Regulations*. Therefore, Paramount's application for a variation is approved, subject to the terms contained in the attached Well Approval.

Paramount must post a copy of the attached Well Approval in a clearly visible location at the work site.

Sincerely,

Pauline de Jong  
Regulator

## Additional Terms

1. Paramount Resources Ltd. shall cause the approved work and activities to be conducted in accordance with the requirements of the *Oil and Gas Operations Act* and the *Oil and Gas Drilling and Production Regulations*, as well as any other acts or legislation as may apply.
2. Paramount Resources Ltd. shall cause the approved work and activities to be conducted in accordance with any guidelines or interpretation notes issued by the Regulator under section 18 of the *Oil and Gas Operations Act*.
3. Paramount Resources Ltd. shall cause the approved work and activities to be conducted in accordance with the specifications, standards and other information referred to in its application dated August 15, 2022, variation request received July 28, 2023, and subsequent submissions.
4. Paramount Resources Ltd. shall request approval from the Regulator prior to undertaking any change to or deviation from the authorized work or activities, including but not limited to key personnel, the safety plan, the environmental protection plan, and contingency plans.
5. Paramount Resources Ltd. shall request a variation to this well approval from the Regulator if it intends to conduct controlled venting and flaring as a part of well kill operations as outlined in Step 3 of the Wellbore Abandonment Program. The request for variation should include the maximum daily flow rate and daily duration of the flaring or venting and should be submitted no later than December 15, 2022. Any flaring or venting not approved by the Regulator shall be reported to OROGO as an incident under section 75 of the *Oil and Gas Drilling and Production Regulations*.
6. Paramount Resources Ltd. shall notify OROGO of and demonstrate, to the satisfaction of the Regulator, the location of the cement top prior to commencing remedial cementing, as outlined in Steps 30 through 42 of the Wellbore Abandonment Program.
7. Paramount Resources Ltd. shall notify the Regulator of each interval targeted for remedial cementing prior to perforation by sending an email to [orogo@gov.nt.ca](mailto:orogo@gov.nt.ca) that includes the depth and anticipated time frame operations will occur. Following completion of each remedial cementing interval, Paramount Resources Ltd. must provide detailed results on the operations including feed rate and cement volume.
8. Paramount Resources Ltd. shall provide all staff and contractors for this program with its Emergency Response Plan and the OROGO 24-hour Incident Reporting phone number (867-445-8551) prior to commencing any work or activity.
9. Paramount Resources Ltd. shall notify OROGO at least 10 days prior to the start of approved operations.
10. Paramount Resources Ltd. shall submit to OROGO certificates and inspection documents for any service rig, well control and associated equipment (including boilers) at least 10 days prior to the rig commencing work.
11. Paramount Resources Ltd. shall submit to OROGO an updated operator contact list for this program prior to any work or activity.

12. Paramount Resources Ltd. shall submit to OROGO a Daily Report outlining all activities undertaken for each day of the operation under this well approval no later than 10:00 a.m. the following day.
13. Paramount Resources Ltd. shall submit to OROGO a completed Change of Well Status form 30 days after the service rig release date or when the operation has been successfully completed.
