Dear John Hawkins:

Decision: Application for Well Approval (ACW-2022-PAR-N-65-WID1833)

On April 29, 2022, the Office of the Regulator of Oil and Gas Operations (OROGO) received a complete application from Paramount Resources Ltd. (Paramount) for the abandonment of the Arrowhead N-65 well (WID1833).

OROGO also received Paramount's responses to information requests as follows:

Information Request No. 1 – received on June 7, 2022; and
Information Request No. 2 – received on July 13, 2022.

The Regulator designated under section 121 of the *Oil and Gas Operations Act* (OGOA) may issue a Well Approval under section 10(4) of that Act. On August 2, 2020, the Commissioner in Executive Council designated me as the Regulator under section 121 of OGOA.

I have reviewed Paramount's description of its proposed activity and find that the application demonstrates that this activity will be conducted safely, without waste and without pollution, in compliance with the *Oil and Gas Drilling and Production Regulations*. Therefore, Paramount's application is approved, subject to the terms contained in the attached Well Approval.

Paramount must post a copy of the attached Well Approval in a clearly visible location at the work site.
