SUITE 1100, 250 – 6 AVE SW  
CALGARY AB T2P 3H7

August 8, 2022

Dear Ken Nikiforuk:

**Information Request No. 2:  
Application to Abandon the Cameron B-25 Well (ACW-2022-SOG-B-25-WID1756)**

On August 4, 2022, the Office of the Regulator of Oil and Gas Operations (OROGO) received a response to Information Request No. 1 from Strategic Oil & Gas Ltd. (Strategic) for the Cameron B-25 well.

OROGO has reviewed the information provided by Strategic and requires additional information to complete its review of Strategic's application, as set out in the attached Information Request No. 2.

Please send your written responses and any associated correspondence to OROGO at [oro.go@gov.nt.ca](mailto:oro.go@gov.nt.ca) or through OROGO's secure file transfer site, on or before 4:00 p.m. on August 22, 2022.

If you are unable to respond within this timeframe or have any questions, please contact OROGO at (867) 767-9097 or by email at [oro.go@gov.nt.ca](mailto:oro.go@gov.nt.ca).

Sincerely,

Pauline de Jong  
Regulator

Encl. Information Request No. 2

c. Duncan MacRae, Director, Alvarez & Marsal Canada ULC

**Strategic Oil & Gas Ltd.**

**Application for an Authorization to Alter the Condition of a Well**

**Cameron B-25 Well (ACW-2022-SOG-B-25-WID1756)**

**Information Request No. 2**

**2.1 Possible Shallow Wellbore Plug**

**Preamble:**

The March 23, 2007 wellbore diagram submitted on August 4, 2022 shows a barrier at the top of the wellbore (0 mKB). The well history, wellbore diagram and proposed abandonment program do not identify what it is or how it will be addressed during abandonment.

In April 2021 the Chief Safety Officer issued a Safety Bulletin on shallow wellbore plugs (OROGO-SB-01). The Safety Bulletin sets out the requirements for operations on wells with shallow wellbore plugs (known or suspected).

**Request:**

Submit an updated ACW application that:

- Identifies the barrier at 0 mKB;
- Explains how it will be removed during the abandonment process; and
- If it is a wellbore plug, demonstrates that the abandonment program will meet the requirements of OROGO-SB-01.
