Information Request No. 3

3.1 Shallow Plug

Preamble:

The response to Information Request No. 2, submitted on August 22, 2022, states steps 18-20 of the proposed abandonment program (submitted in response to Information Request No. 1 on August 4, 2022) outline the removal procedures for the shallow plug at 103 mCF.

These proposed procedures do not meet the operational or reporting requirements outlined in the April 2021 Safety Bulletin on shallow wellbore plugs issued by the Chief Safety Officer (OROGO-SB-01).

Request:

Submit an updated abandonment program that meets all the operational and reporting requirements of OROGO-SB-01.
