Duncan MacRae,
Vice President
Alvarez & Marsal Canada Inc.
Suite 1100, 250 – 6 AVE SW
CALGARY, AB T2P 3H7

July 6, 2023

Dear Duncan MacRae:

**Well Status: Suspension of the
Cameron J-04 Well (WID2034) (ACW-2022-SOG-J-04-WID2034)**

On April 19, 2023, the Office of the Regulator of Oil and Gas Operations (OROGO) received the Well Operations Report and Well Termination Record summarizing the 2023 abandonment operations for the Cameron J-04 well (WID2034). The report and record have been reviewed and satisfy the requirements of section 89(1) and (2) of the *Oil and Gas Drilling and Production Regulations*.

Our records have been updated identifying the status of this well as Compliant Suspended and in compliance with the Downhole Well Abandonment Requirements (Section 6A) of the *Well Suspension and Abandonment Guidelines and Interpretation Notes*. Upon completion of the gas migration testing required by term 15 of ACW-2022-SOG-J-04-WID2034 Variation 1, and review and approval by OROGO, a change in well status form can be submitted to request a change in the well status to Abandoned.

Sincerely,

Pauline de Jong
Regulator
