Information Request No. 3

3.1 Clarification of Planned Suspension and Abandonment Activities

Preamble: Table 1.2 (Tentative Schedule for Planned Work) on page 7 of SOG's HSE Plan is not congruent with the applications to Alter the Condition of a Well (ACW) subsequently received from SOG.

Specifically:

- No ACW application has been received for the abandonment of the Cameron H-03 well, scheduled for 2019 in Table 1.2;
- An ACW application has been received for the re-suspension of the Cameron L-40 well, which is scheduled for abandonment in 2020-2023 in Table 1.2; and
- An ACW application has been received for the re-suspension of the Cameron A-05 well, which is scheduled for re-suspension by slickline in Table 1.2.

Request: Please provide an updated Table 1.2 that captures SOG's planned suspensions and abandonments for the period from 2019 to 2023 and highlights any changes from the original version.
