**RE: Information Request No. 9: Application for Operations Authorization
Additional Technical Information (OA-2019-001-OBS)**

Dear Janpeter Lennie-Misgeld

Obsidian Energy Ltd (Obsidian) is responding to the Information Request No.9 (IR No. 9) letter dated August 20, 2020 from the Office of the Regulator of Oil and Gas Operations (OROGO) regarding the additional technical information.

9.1 Environmental Protection Plan

Request: Please provide an updated Environmental Protection Plan, supporting documentation and concordance table that references where, in any of the documents that have been submitted as part of this application process, the information to meet the requirements of Section 9 of the OGDPR can be found.

Response: The Environmental Protection Plan concordance table has been updated to meet the requirements of Section 9 of the OGDPR.

9.2 Contingency Plan

Request: Please provide an updated site-specific Emergency Response Plan, supporting documentation and concordance table that references where, in any of the documents that have been submitted as

part of this application process, the information to meet the requirements of Section 6 (j) of the OGDPR can be found . Specifically, the concordance table must include references for:

- contingency plans;
- emergency response procedures, to mitigate the effects of any reasonably foreseeable event that might compromise safety or environmental protection; and
- coordination measures with any relevant municipal, provincial, territorial or federal emergency response plan.

Response: There is no requirement for a concordance table in the above noted Section 6(j) of the OGDPR. Obsidian directs OROGO to the documents referenced below where the above information has already been provided.

- Emergency response procedures, to mitigate the effects of any reasonably foreseeable event that might compromise safety or environmental protection;
 - OBE NWT Spill Response Plan – Section 4
 - OBE NWT Spill Response Plan – Section 5
 - OBE NWT Spill Response Plan – Section 6
 - OBE Corporate ERP – Section 2 – Initial Response
 - OBE Corporate ERP – Section 4 – Quick Guides
 - OBE Corporate ERP – Section 5 – Spill Response
- Coordination measures with any relevant municipal, provincial, territorial or federal emergency response plan.
 - OBE NWT ERP – Page 5 – External Emergency Response Plans/Mutual Aid
 - OBE NWT Spill Response Plan – Appendix A
 - OBE NWT ERP – Page 7 – Municipal/Provincial Contacts

Please feel free to contact the undersigned should you wish to discuss further or have any questions.
