Dear Craig Langford:

Water Wells, North Liard C-31A Well Site Obsidian Energy Ltd. (OA-2019-001)

For Information Requests No. 2, 3, 4 and 6, OROGO requested further information on the two water wells in the vicinity of the North Liard C-31A well site in order to ascertain their purpose and depth.

To date, Obsidian has been unable to provide the requested historical well information. As previously advised, in absence of this information, OROGO will consider these wells to be subject to regulation under OGOA and will require that a Well Approval application be submitted to alter the condition of the water wells for the purpose of abandonment.

Please submit Well Approval applications to alter the condition of each these two water wells for the purposes of abandonment.

Please send your written responses and any associated correspondence to me by email at oro.go@gov.nt.ca or through OROGO's secure file transfer site.

Please submit the Well Approval application on or before 4:00 p.m. on October 30, 2020. If you are unable to respond within this timeframe or have any questions, please contact OROGO at (867)767-9097 or by email at oro.go@gov.nt.ca.
