Dear Lorne Hammer:

Proposed Schedule for IR1 Response and Future Submissions (OA-2022-001-AC)

On January 29, 2023, the Office of the Regulator of Oil and Gas Operations (OROGO) received your response to the Notice of Non-Compliance issued on January 27, 2023, committing to:

- Submit a revised application for OA-2022-001-AC, in response to Information Request No. 1, by February 3, 2023.
- Submit the Well Approval application associated with the abandonment of the Aurora College Training Well G-04 (WID1915) by February 10, 2023.
- Respond to further Information Requests from OROGO in a timely manner.

We look forward to receiving the first of these submissions tomorrow.

I remind you that OROGO's service standard for processing an application for Operations Authorization is 90 days, not including time taken by the applicant to respond to Information Requests. As of today, there are 58 days remaining before the March 31, 2023, deadline for the abandonment of the Aurora College Training Well G-04.

Sincerely,

Pauline de Jong
Regulator
