**Re: Request for alternative Proof of Financial Responsibility Aurora Training Well G-04 Abandonment must be submitted (OA-2022-001-AC)**

Dear Ms. de Jong

Aurora College requests that a payment be made to the Government of the Northwest Territories as Proof of Financial Responsibility for Aurora College Training Well G-04 as an alternative to an irrevocable line of credit. The granting of this alternative financial arrangement will provide Aurora College with the benefit of ensuring that our financial commitment required funds are available for the mitigation of a worst case scenario during the well abandonment. I trust that this request will meet the specifications outlined by OROGO in the June 2, 2023 letter, otherwise clarification on what other alternative form of proof of financial responsibility would suffice.

Aurora College remains committed keep with the original operational extension to complete the abandonment operations by August 31, 2023.

Aurora College will ensure any outstanding information is submitted to OROGO for the OA application through the IR process.

Sincerely,

Jonathon Michel  
Director Aurora Campus  
Aurora College
