Dear Mark Cliffe-Phillips:

Canadian Natural Resources Limited
Application for an Operations Authorization (OA-2025-001-CNRL)

Canadian Natural Resources Limited (CNRL) has applied to the Office of the Regulator of Oil and Gas Operations (OROGO) for an Operations Authorization (OA-2025-001-CNRL). The application is for the abandonment of two pipelines from the North Liard P-66 wellsite to the Liard K-29 wellsite near Fort Liard. Information on the application is available on OROGO's public registry at oro.go.gov.nt.ca/en/registry.

Under section 124 of the *Mackenzie Valley Resource Management Act*, an Operations Authorization triggers the requirement for a preliminary screening.

Please contact me at (867) 767-9097 or by email at Pauline.dejong@gov.nt.ca if you have any questions.

Sincerely,

Pauline de Jong
Regulator
