John Hawkins  
Director Asset Management  
Paramount Resources Ltd.  
Suite 2800, 421 – 7 AVE SW  
CALGARY AB T2P 4K9

May 14, 2021

Dear John Hawkins:

**Review: 2020 Annual Environmental Report (Multiple Operations Authorizations)**

On March 30, 2021 Paramount Resources Ltd. (Paramount) submitted their 2020 Annual Environmental Reports that included information regarding operations conducted under the following:

- Production Operations Authorizations (POA):
  - Fort Liard East Field (2620-D-14-23 / 2620-D-15-23)
  - Fort Liard (2620-D-12-23 / 2520-D-12-4)

The annual environmental report, required by section 86 of the *Oil and Gas Drilling and Production Regulations* (OGDPR), must include a summary of any incidents that may have an environmental impact, discharges that occurred and waste material that was produced, a discussion of efforts undertaken to reduce pollution and waste material and a description of environmental contingency plan exercises.

OROGO reminds Paramount that these annual environmental reports are a requirement of the OGDPR and not the *Canada Oil and Drilling and Production Regulations* as referenced in Section 1.0 of these reports.

The Office of the Regulator of Oil and Gas Operations has reviewed the Paramount's 2020 Annual Environmental Reports and is satisfied that it meets the requirements of section 86 of the OGDPR.

Sincerely,

Peter Lennie-Misgeld  
Chief Conservation Officer

cc. Larry Yoon, Environmental Coordinator, Engineering
